

Cooperation Expansion in Export Contract for INTRACOM Defense Electronics

Koropi, Greece, September 27, 2011 - INTRACOM Defense Electronics expands its cooperation with RAYTHEON Missile Systems, with a \$1.9 million contract, in the frame of the RAM (Rolling Airframe Missile) surface-to-air missile program, by manufacturing electronic units of the infrared seeker. Deliveries will be completed by December 2012 and an option of \$3.1 mil is included in the contract.

The complexity and the high technology that is required for the manufacturing of the aforementioned systems, establish INTRACOM Defense Electronics as a reliable supplier of RAYTHEON Missile Systems, proving the high quality level and competitiveness of the Hellenic company.
